

User Guide

Congratulations on your purchase!

Dear Grixx product owner,

Thank you for your trust in Grixx and the purchase of the magnetic in-fan car mount.

This convenient mount enables you to use your smartphone in the car. It creates a stable platform for hands-free use at eye level.

As an owner of a Grixx product you are entitled to our warranty, which is available to you for 2 years after your purchase. For any questions or problems please contact warranty@grixx.eu. We are happy to help you and solve any issues.

Happy Times!

Grixx User Guide

About these instructions

Read these instructions carefully and please observe and heed all references made in these instructions to guarantee a long life and reliable use of the device. Please keep these instructions at hand and pass them on to other users of the device.

Intended use

This Grixx magnetic car mount securely holds a smartphone to your car air vent. Make sure that your smartphone is securely fastened to the mount before you begin your trip.

Caution: This mount is not intended for extreme off-road use; excessive bumping and jarring may result in damage to your device.

This product is not intended for commercial use or for medical and special applications, where the failure of the product can cause injuries, mortalities or considerable material damages.

Claims of any kind due to damages from improper use or non-observance of safety instructions are excluded.

Important Safety Warnings

Choking Hazard - Warning

This product may contain small parts which may be a choking hazard to children under 3; keep small parts away from children.

- **Road Hazard – Warning**

Risk of severe injury or death; this product requires in-car installation. Do not attempt to install or set up this equipment while your vehicle is moving.

Do not install this equipment in a way that it will obstruct the view of the driver. Some jurisdictions have restrictions regarding the installation of after-market accessories; consult and obey the local laws and regulations.

- Grixx is not responsible for any damages caused to your car, your device, or yourself due to the installation or use of the mounts.
- Grixx does not assume any responsibility for any fines, penalties, or damages that may be incurred as a result of any state or local law or ordinance relating to the use of your device.

Specifications

Mount placement	Air vent

Suitable for use with	Mobile equipment with a maximum weight of 0.8 kg

In the box

- Car Mount
- 1x rectangular metal plate
- 1x round adhesive metal plate

Grixx User Guide

Attaching to the air fan

- Place the round car mount with the clip on the back into the air fan.
- Make sure both hooks of the clip are firmly attached to the fan.

Caution: Do not adjust the car mount while driving.

How to use

- Option 1 – Between smartphone case and smartphone - *Use the rectangular metal plate*

- Take the smartphone out of its protective cover.
 - Place the metal plate on the back of the smartphone.
 - Put back in the cover.
- Option 2 – Directly on the back of smartphone – *Use the round metal plate with adhesive sticker*
 - Peel off the adhesive protection layer.
 - Position the metal plate in the centre of the back of the smartphone.
 - Gently rub the metal plate into position, so that it is fixed firmly.

Placing a smartphone in the holder

- Simply bring or position the smartphone close to the plate of the car mount.
- Make sure the back of the smartphone is directed towards the car mount.

For safety reasons it is advised to avoid upside-down placement of the smartphone.

Removing a smartphone from the holder

- Just grab the smartphone, and without force it can be removed.

For safety reasons it is advised not to do this while driving.

Grixx User Guide

Notices

- The magnetic in-fan car mount attaches to the air fan found in most vehicles.
- Check the state and local laws and ordinances where you drive.

It is the user's responsibility to mount the device in compliance with all applicable laws and ordinances.

- Do not install this or any product over an air bag cover or within the air bag zone.

Grixx assumes no responsibility of liability for injury or death as a result of car crashes and/or air bag deployment.

- This product is designed for mobile phones only.

It may not accommodate the weight of a GPS or other device. Maximum weight of your device should not exceed 0.8 kg.

General instructions

Failure to follow the safety instructions can lead to dangerous situations or personal injury.

Make sure to read the entire manual.

- Do not use this unit for anything other than its intended use.
- Do not use the product if it has been dropped or damaged in any way.
- Keep the unit out of reach of children.
- Do not disassemble the device into its component parts and do not try to repair it yourself. It does not contain any parts requiring maintenance and the guarantee expires in this case.
- Do not use the device when it shows visible damage or has become moist.

Exclusion of liability

The firmware and/or hardware may be changed at any time without prior notice. For this reason it is possible that parts of these instructions, technical data and images in this documentation differ slightly from the product in your possession. All points described in these instructions only serve the purpose of clarification and must not inevitably correspond to a certain situation. Legal claims cannot be made on the basis of these instructions.

Environmental information

All unnecessary packaging has been omitted. We have tried to make the packaging easy to separate into two materials: cardboard and plastic. The whole product packaging consists of materials which can be recycled and reused if disassembled by a specialized company. Please observe the local regulations regarding the disposal of packaging materials and old equipment.

This symbol on packaging signifies that the producer has made a financial contribution towards the recovery and recycling of packaging.

Disposal of your old product

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused.

Compliance

Compliant with CE

This symbol means that the product is compliant with health, safety, and environmental protection standards for products sold within the European Economic Area. The product is manufactured in accordance with provisions imposed by EMC (Electromagnetic Compatibility) and RoHS (Restriction of Hazardous Substances) Directives. To minimize the environmental impact and take more responsibility to the earth we live on, the product complies with the restriction of SVHC (Substances of Very High Concern) and REACH (Registration, Evaluation, Authorization, and Restriction of Chemicals) regulated by the European Union.

Social Compliance

Grixx endorses the importance of equal and good working conditions for everyone within the production chain. That is why the manufacturer of this product is BSCI and /or SA8000 certified. This means that this product is designed and produced in a community that adheres to ethical sustainability and endeavors to protect the health, safety, and rights of the employees and environment in which they operate.

The producer follows the rules based, among others, on the United Nations' International Labor Organization (ILO) 'code of conduct' and the Human Rights Declaration. The main principles affiliated with the social compliance include:

- No discrimination
- No child labor
- Legal minimum wages
- Protection on the number of hours people have to work
- No forced labor
- Safe working environment
- Measures against corruption

Having the Grixx product manufactured in compliance with social sustainability values, where high standards are required of the supplier, helps contribute to the people involved in production of the product being treated fair, with dignity and respect.
